

Beco Butterfly 2 Baby Carrier

The [Beco Butterfly 2 baby carrier](#) is one of the most stylish ergonomically designed baby carriers on the market. Baby carriers are a wonderful way to experience more bonding with your baby as well as remain active and hands-free.

From infancy to the toddler years, you can carry your child comfortably either on your front or your back in the Beco Butterfly 2 baby carrier. The removable hood and infant insert are specially designed to hold infants comfortably, securely and in a way that will not impede proper growth. As your baby grows, just remove the insert and the carrier adjusts to always provide the proper support.

All the comfort features such as the wide padded waist belt for lumbar support and the wide padded shoulder straps will have you grabbing this baby carrier every time you leave the house. Of course, parents know how easy it is for babies to fall asleep in a baby carrier, so the Beco Butterfly 2 allows you to easily yet safely unbuckle the carrier to transfer from one adult to another or from front to back without having to remove your baby first. Plus the Beco Baby features a sleeping hood that is always attached to the carrier to support your baby's sleeping head. It's easy to secure the hood to the shoulder straps for additional support for your sleepy head!

Durable fabric and buckles ensure the [Beco Butterfly 2 baby carrier](#) will endure through whatever adventure the day brings.

About the Author
